Ceremonies

From the moment you book, right up until your wedding day, I'll be with you every step of the way to create a beautiful ceremony that is completely unique! In the lead up to your wedding I will get to know you with a number of meetings; either on zoom or in person, to find out everything I need to write a ceremony that is perfectly 'you.'

Within your ceremony we can include readings, music, symbolic elements and more, and I can give you guidance and support if you'd like to write your own vows.

On the day itself I will work with your venue and your chosen suppliers to give you your dream ceremony that you and your guests will remember forever.
